HP Elite 7300 Microtower PC

Ugrade to amazing

A Microtower business PC completely redesigned for performance, style and expandability with HP exclusive Beats Audio™.

HP recommends Windows® 7.

State-of-the art computing
Your business computing needs can change at the click of a mouse. You need a PC that can keep up. The HP Elite 7300 is designed to give you the high performance you need for today's process-intensive and graphics-rich applications and the sleek new design compliments any home office or small business environment.

Technology for today and tomorrow
2nd Generation Intel® Core™ i3, Core i5 or Core i7 processors provide top speeds and multiple cores for some of the most demanding applications you'll run, without the slightest flinch. Paired with the powerful, new Intel H67 Express Chipset, you get a PC that's performance ready.

Flexibility at your fingertips
With extra memory slots, PCI Express (PCIe) slots, 8.9/13.3 cm(3.5"/5.25") bays, and optional optical drives[1], the HP Elite 7300 Microtower Business PC is designed for customization.; And because devices require more bandwidth than ever before, USB 3.0 ports give you higher transfer rates to match the new usage and larger devices being developed.; The highly expandable HP Elite 7300 Microtower is intended to fit most space and configuration requirements. The sleek new design with its high-gloss finish and rounded corners is meant to be shown off.

Out-of-the-box productivity
The HP Elite 7300 does all the heavy lifting with genuine Windows® 7 Professional operating system, a variety of optical drives, a hard drive up to 2 TB[2], up to 16GB DDR3 SDRAM memory[3] and RAID support. And, with preinstalled software like, HP Power Assistant[4], Microsoft Office 2010 Starter, and Norton Internet Security 2011Trial[5] you get a PC equipped to make an impact right out of the box.; Build your potential with pre-qualified options like the 15-in-1 Media Card Reader, a second hard drive to utilize the RAID data mirroring capabilities, and a SuperMulti DVD Writer[6].

Give your business a boost
With Beats Audio™ , HP has engineered an audio system that unlocks all the sounds that musicians and producers have perfected in the studio. What you hear: the highs, lows and subtle in-betweens like never before[7].; Plus, the HP Elite 7300 Series offers service and support options, so you can spend your time focusing on what's most important—your business.

Everybody On

[1] Options and accessories sold separately.

[2] For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16GB (for Windows 7) of system disk is reserved for system recovery software.

[3] Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.

[4] HP Power Assistant may not be available in all regions. Use of this application is not required. Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Requires Microsoft Windows

[5] 60 day trial period. Internet access required to receive updates. First update included. Subscription required for updates thereafter. Software is licensed to you by the manufacturer under the terms of the its end user license agreement.

[6] Don't copy copyrighted-protected materials. Actual speeds may vary. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 Double Sided-Version 1.0 Media.

[7] Listening to personal stereo equipment at full volume for long periods can damage the user's hearing. To reduce the risk of hearing damage, lower the volume and amount of time listening at full volume.
